The New King of Portugal, Who Solemnly Took the Oath of Allegiance to His People Yesterday With All the Traditional Courtly Observances.

He is known as Portugal's sailor prince and is a handsome and stalwart youth, resembling his mother, Queen Amélie. The queen is regarded as the most beautiful woman of royalty in Europe and is deeply loved by the great majority of her subjects. Her heroic attempt to save the life of the crown prince from the bullets of the assassins has served to strengthen the affection of her people for her.

## Western Association Gossip

WHERE THEY PLAY TOMORROW.

Joplin at Topeka.  
Springfield at Webb City.  
Wichita at Oklahoma City.  
Hutchinson at Enid.

Bill Rapps, since he has been moved into the Oklahoma City infield, is up to his old tricks again. Years ago Bill was the noisiest player in the world. For the past two or three years he has been very quiet but if reports from the Mets town are to be believed Bill will be as noisy as ever this season.

Umpire Fodge Alloway is being knocked on by the Oklahoma City papers. But if they confine their knocking to the papers and not to the person of the umpire as they are wont to do, it will be all right with Mr. Alloway.

The Oklahoma City Times prints the following: "Dick Cooley admits that he has a weak infield. With a few more Forrester's he will have a

bum pitching department." Wait until the writer of the above sees the Topeka infield in action. There is no faster infield in the association and Forrester will be able to give the Mets a few chances to see their weaknesses with the willow.

The Oklahoma City papers which generally use Jeff Davis expressions in talking of the Hutchinson team and of Jay Andrews, are complimenting the work of Butch Froese, the Salt Packer backstop. Froese played with the Omaha Western league pennant winners last season.

Last season Peg Bemis, the Oklahoma City twirler, was considered the hard luck player of the league. But the wheel of fortune seems to have taken a turn in his favor. Bemis won his first game against Enid Sunday and in addition to his superb pitching knocked the first home run in Oklahoma City and as a prize for the first homer he receives his laundry, bath, shaves and shines gratis during the entire season. That don't sound much like hard luck.

The Joplin fans are beginning to regret the loss of Pitcher Frank Newton, who jumped the team because he was not allowed to draw a little advance salary. In a semi-professional game in southeastern Missouri a few days ago, Newton pitched a no-hit game and now the Joplin fans are clamoring for his return and it is likely that he will be secured before the first of June.

The game was postponed again yesterday afternoon on account of the grounds being slightly dampened. The redeeming feature of the postponed game however, is the fact that the fans will get to witness a couple of double headers with the Midgits. The Midgits have two Sunday dates in Topeka. They play here July 5 and September 6 and it is probable that double headers will be arranged for these dates.

Manager Risley took his band of Midgits out of the city right after dinner yesterday. Dud is meeting it pretty hard this trip. At Joplin he had to borrow money to get his team out of town and here in Topeka the team only got one game. The Midgits open up at Webb City tomorrow.

The Joplin team which plays here this afternoon is almost an entirely new aggregation. Johnny Fillman is managing the team and has gathered together a pretty fast bunch of youngsters. Behind the bat he has Hawkins, who is touted as a good catcher. In the box are Beckenbaugh, Evans, Shaner and Moore. Of these Shaner is the only player known in Topeka. Tom Reed of the Springfield aggregation for the past two seasons is doing stunts around the initial sack. Wanner is playing second and is said to be a marvel around this position. Eddie Noyes, a popular player here, is fitting into third base quite nicely and Olson, a brother to our Emory is playing short again. In the outfield are Fillman, Harrington and Sheldon, all good men. Harrington is being used temporarily behind the bat while Hawkins is laid up with injuries and Wanner has a crippled leg. But otherwise Fillman is ready to give the locals a good hard battle.

Salina, Kan., May 7.—Charles Swanson, a Swede with a police court record attempted suicide here but failed. This was the fourth time Swanson attempted to take his life and each time he was saved by Chas. Banker, a policeman. BURNS SPURNS \$12,500.

Tommy Refuses a Big Purse for a Battle With Johnson.

New York, May 7.—A special cable dispatch from London says that the National Sporting club, the richest and most powerful sporting organization in the world, has called Tommy Burns for his talk about yellow streaks and negroes by offering a purse of \$12,500 for a twenty round fight between Burns and Jack Johnson, the loser to take \$2,500 and each side to post a bet of \$5,000. The club wants the fight for the night of the great English Derby.

Zervattus, a New York sporting man, is willing to bet \$5,000 even on the chances of Johnson. Supporters of Burns are now putting the matter of his meeting Johnson squarely up to him. They frankly admit that he must either fight Johnson or quit four-flushing.

Johnson claims Burns simply does not want to fight him. He says: "The whole truth of the matter is that Burns does not want to fight me. It is he and not me who has a yellow streak. He could not whip me if I was sick."

Burns called at the National club late at night and when told of the offer by the organization he declined the match. He said: "I am sorry the club can not see its way to offer a purse as big as I think the fight demands or as that offered me elsewhere. I am not fighting for the love of the game and I would have liked to have met Johnson here, but members will understand my position when I decline the offer."

## WHY BURNS WILL COME HOME.

His Wife Very Sick and Friends Alarmed Over Her Condition.

Detroit, Mich., May 7.—Tommy Burns, world's heavy-weight champion, who made over \$50,000 in England in less than eight months, will be in Detroit next week. Burns comes on an urgent call from his friends and relatives here, who are greatly disturbed over the condition of the champion's wife. Mrs. Burns is seriously ill and her husband has been notified of her true condition. She intended to return to Europe this summer and take a course of baths at Carlsbad, but the trip will be abandoned because her condition is such that a long journey might prove fatal.

## Unglaub for Sale or Lease.

Boston, May 7.—The days of Robert Unglaub as a member of the Boston American league club are numbered. He has lost favor with President John I. Taylor, and if Frank LaPorte could be induced to fill the position he would be placed there without any ceremony, but that player is not anxious to try the bag. Unglaub has been in bad odor with the president of the club for a long time. He has not been hitting the ball at all of late and he also has been charged with lack of interest. These facts have induced the head of the club to determine upon a change.

## Clarkson Quits Baseball.

Cleveland, O., May 7.—Walter Clarkson, the Cleveland pitcher, has quit baseball. He has given his resignation to the Naps' owner. Clarkson since joining the Cleveland club has had little success as a pitcher. He has left the game for good and will become manager of one of the largest retail shoe concerns here. He will

go to work at once. His only baseball efforts will be with a local amateur team composed of college men. Recently Toledo offered \$2,000 for his release. It was either the big league or nothing for Clarkson, so he entered business.

## CHANCE FEARS THE EAST.

Says Every One of Those Clubs Are Dangerous This Season.

Pittsburg, Pa., May 7.—"We are entering upon a much more important series than most people consider," remarked Manager Chance of the Chicago Cubs when he arrived here. "This is only the opening of a series of games that I figure will have a marked bearing on the final result," he continued. "It isn't alone the seven games we are to play with Pittsburg, but rather what is to follow. When we are through with Fred Clarke's ranchmen the eastern division of the league is coming down on us like an avalanche. Every one of these eastern clubs is dangerous. Philadelphia, the first to enter Chicago, is going to cut considerable figure in the pennant race."

"I think Boston has already proved itself this spring; New York is always hard for us and Brooklyn with its staff of pitchers, especially the southpaws—Fosterius and Rucker—gives the Chicago team a deal of worry and trouble."

## DANE TO BOX MCFARLAND.

Nelson Accepts Offer of \$9,000 Purse to Fight in Milwaukee.

Chicago, May 7.—Willis Britt, acting for Battling Nelson, has accepted an offer from Tom Andrews, the Milwaukee promoter, to box Packey McFarland in rounds in the team city, May 22, according to a dispatch from San Francisco. Andrews guaranteed a purse of \$9,000. The battle is to leave San Francisco for Milwaukee Saturday. McFarland received the news that Nelson had accepted the offer with joy, and said that if they got together he would be a notch closer to the lightweight championship. Nelson had added that he had not heard about the \$9,000 offer made the Dane, but if it was made to him he would consider it, as he is more than anxious to get on the big stage and, despite the fact that he demanded 65 per cent of the gross receipts from Andrews.

## Sutton Victor Over Hoppe.

Chicago, May 7.—George Sutton and Willie Hoppe, professional billiardists, finished their exhibition 18-2 match at Recital hall, when the last block of the 1,500 contest was played. Sutton won the match, 1,500 to 1,200, although he did not defeat his younger opponent in the final block. Hoppe won, scoring 533 points to his opponent's 400. Sutton assumed the position of the previous matches was too much for the young New Yorker to overcome.

## A Quiet Let for Waddell.

St. Louis, Mo., May 7.—Rather than be fined \$100, "Rube" Waddell, eccentric twirler of the Browns, has changed his place of abode. Manager McAleer and President Hedges ordered Rube to leave a downtown hotel under the penalty of a fine. The hotel was surrounded by saloons and Rube is now out near the baseball grounds.

## Just Like A Bag Of Rags

Why Isn't My Wife as Snappy and Fashionable as Mrs. Smith Instead of Always Looking as if She Had Just Been Felled Through A Kneehole.

Uncomfortable, isn't she? Needs a new dressmaker? Not at all. Her clothes are all right. The matter of poor fitting corsets, that's all. A little care, just insisting upon a Kabo Corset and a positive refusal to accept any other and she will be as happy, trim and well dressed as any woman.

How many times do you suppose your husband asks himself this question? Of course he says nothing to you. He wouldn't do that for the world. But don't you suppose he thinks it just the same? He wants you to look your best. He wants you to be just as smart and snappy and span as Mrs. Smith or Mrs. Robinson or Mrs. Jones or Mrs. Anybody else. He wants you to keep your youth and your figure and be the same winsome self you were in your girlhood days. If women would only appreciate this fact, if they would only realize that to look her best, a woman has only to select her clothes with care and, above all else, secure corsets adapted to bring out her figure to the best advantage and give her a proper carriage, there would be more contented husbands.

It isn't a difficult matter to get corsets that will add one half to your appearance. Just refuse to ever accept any corset that isn't a Kabo Corset and the problem is solved. There is a Kabo style for every figure and every effect any woman or dressmaker could wish. And they are all as near perfect as you will ever see in a corset in this world. It doesn't matter what sort of a figure you have—short, long, stout or thin—there is a Kabo style for you that will set off your line of your figure to the best advantage and give you the reputation of being a stylish woman.

Kabo corsets are not only correct in style, but in quality, workmanship, materials and trimmings they are the best the market affords. Every Kabo corset has the absolutely non-rustable loop lacing. This is the greatest improvement known to modern corset making and is found in Kabo corsets only. You can pay \$75 for a pair of corsets, but you won't get any better corset, any more style, or more wear than you will from a Kabo, which sells for \$1.00 to \$5.00 according to style, etc. You save money in buying the Kabo. See that the next corset you buy is a Kabo. You will not be disappointed.

The new Kabo style book is now ready. It shows styles for every figure and will be sent free upon request. Address Kabo Corset Co., Dept. B, Chicago. This book will help you get the most out of your clothes.

## Secretary Straus, Who Would Crush Anarchy—Scene at Ellis Island, Where Many Anarchists Land.

Oscar Straus, secretary of the department of commerce and labor, has again called the attention of the police of the various large cities to the necessity of their co-operating with the immigration authorities in excluding anarchists from the country. He says state and municipal authorities are prone to shift the responsibility of deporting undesirable aliens entirely upon the government. The secretary insists that to stamp out anarchy in this country the entire co-operation of state, municipal and federal authorities is required. Recent attacks on the police of Chicago and New York have caused the immigration officials at Ellis Island to detain many aliens who were suspected of being anarchists. Through the orders of Secretary Straus the percentage of deportations has also been greatly increased.
